

EVOGENCY

The 5 Star Review Kit

7 copy and paste messages that turn happy customers into Google reviews.

For plumbers, HVAC techs, electricians, roofers, and contractors

Why this works

Most of your happy customers would leave you a review. Nobody asked them at the right moment, in a way that took 30 seconds. That's the whole trick, and these messages handle it for you.

Ask within 2 hours of finishing the job, while the customer is still happy and the fix is fresh. Text beats email for response rate, so lead with text and use email as the backup.

Before you start: get your direct review link. In your Google Business Profile, tap "Ask for reviews" and copy the short link. That link goes wherever you see [Review Link].

The first ask (send within 2 hours)

TEXT, FRIENDLY

Hi [First Name], this is [Your Name] from [Business Name]. Thanks for having us out today! If we did a good job, would you mind leaving a quick review? It takes about 30 seconds and helps us a ton: [Review Link]

TEXT, SHORT

Hi [First Name], thanks for choosing [Business Name] today! Mind sharing a quick review? [Review Link]

TEXT, WITH A SMILE

Hi [First Name], [Tech Name] here from [Business Name]. Your [water heater / AC / panel] is officially back in business. If you have 30 seconds, a review would make my whole week: [Review Link]

EMAIL

Subject: How did we do, [First Name]?

Hi [First Name],

Thanks for trusting [Business Name] with your [job type] today. We're a local business, and reviews from neighbors like you are how new customers find us.

If you were happy with the work, could you leave a quick review here? [Review Link]

If anything wasn't right, reply to this email and I'll personally make it right.

Thanks again,
[Your Name], [Business Name], [Phone]

PAST CUSTOMERS (ANYONE FROM THE LAST 30 DAYS)

Hi [First Name], this is [Your Name] from [Business Name]. We took care of your [job type] recently and hope everything is still running great. If you have 30 seconds, a quick review would mean a lot to our small team: [Review Link]

Follow ups (only if they haven't left one yet)

DAY 3 TEXT

Hi [First Name], just a friendly nudge from [Business Name]. If you get a sec, we'd really appreciate a review: [Review Link]. Thanks either way!

DAY 7 TEXT (LAST ONE, THEN STOP)

Hi [First Name], last note from us, promise! Your review helps other folks in [City] find an honest [trade]. [Review Link]. Thanks for being a great customer.

Timing cheat sheet

When	What to send
Within 2 hours of the job	First ask (text)
Same day, if no cell number	Email ask
This week, one time	Past customer text to everyone from the last 30 days
Day 3	Friendly nudge
Day 7	Last nudge, then stop

Rule of thumb: two nudges, then stop. Nobody wants to be chased for a review, and one annoyed customer is worse than one missing review.

Reviews are step one

More reviews get you found. What happens when that new customer calls and nobody picks up? They call the next company on Google, and your five stars just sent them to your competitor.
